Musings by the Principal

Dear Students, Teachers, and Parents,

As we welcomed our newly elected and invested Student Council, we celebrated much more than just positions and badges. These elections, nominations, and the entire process were never about titles alone—they were about giving our students a real taste of responsibility and leadership.

Through this journey, our young leaders have already begun learning how to navigate challenges, make decisions in consultation with their teams, and, most importantly, take ownership of those decisions — even when the outcomes aren't perfect. They are discovering what fairness truly means, how to balance academics with commitments, and how to consistently show up for their peers.

This is the beginning of their training ground for life—where leadership is not just about giving directions, but about

listening, collaborating, and inspiring. It's about working together, managing time, building trust, and carrying the weight of accountability with grace.

We hope this experience shapes them into leaders who are not just enthusiastic and passionate but also deeply responsible and committed to the greater good. Because the future needs leaders who don't just wear badges on their blazers but values in their hearts.

Warm regards,
Ms. Rajeshree Shihag
Principal-Matrix High School

Medley of Activities

Indigenous Toys and Games Exhibition

MHS Class-VI students recently organized an engaging and informative exhibition on indigenous toys and games, providing a glimpse into India's rich cultural heritage. Students displayed a wide range of traditional toys and games from different regions of India, such as handmade dolls from Rajasthan, traditional board games like Pachisi and Chaupar, and models of traditional games like Gilli Danda, Satoliya, Kho-Kho, Kabaddi, etc.

The exhibition also featured interactive sessions, where visitors could play and learn about these indigenous games. Students presented informative displays and posters highlighting the history and significance of these toys and games. The event helped students develop their research, communication, and teamwork skills. The indigenous toys and games exhibition was a remarkable achievement, providing a platform for students to explore and appreciate India's rich cultural heritage.

Teej Celebration with Cultural Splendor and Community Spirit

Matrix High School recently celebrated the vibrant Rajasthani festival of Teej with immense enthusiasm, aiming to foster cultural appreciation within the school community. Teej, a significant Hindu festival primarily observed by women in Rajasthan and other parts of India, commemorates the reunion of Lord Shiva and Goddess Parvati, symbolizing marital bliss and prosperity through rituals like fasting, singing, dancing, and applying henna.

The celebration at Matrix High School was a delightful affair, marked by the active and colorful participation of all female staff members who adorned themselves in traditional ethnic wear. A particularly heartwarming highlight was the collective henna application session, where staff intricately designed patterns on each other's hands, fostering camaraderie and a joyous, harmonious atmosphere. This successful event not only promoted cultural awareness and celebrated Rajasthan's rich heritage but also strengthened community spirit among the staff, reinforcing the school's commitment to enriching its cultural fabric.

MHS Honors Heroes in White Coats on National Doctors' Day

Matrix High School, Sikar, has recently celebrated National Doctors' Day on March 30 with great enthusiasm and respect. The event was organized to honor the invaluable contributions of doctors and to create awareness about their vital role in society. The celebration included the felicitation of doctors with flowers and heartfelt applause, along with interactive sessions and motivational talks by medical professionals. These sessions not only educated the students about the healthcare field but also inspired many to consider careers in medicine.

The entire school participated actively, creating an atmosphere of admiration and learning. Overall, the event was both informative and inspiring, leaving students with a deeper appreciation for the dedication and service of doctors.

Kargil Vijay Divas Celebration

A Tribute to Heroes

On July 26th, our primary students came together to celebrate Kargil Vijay Divas, paying tribute to the brave soldiers who fought for our nation's freedom. The event was filled with enthusiasm and patriotism, showcasing the students' creativity and talent. The event began with a beautiful drama performance by our students, bringing to life the stories of bravery and sacrifice of our soldiers. The students' energy and passion were palpable, and their performance left a lasting impression on the audience. The drama was followed by a captivating dance performance, showcasing the students' talent and energy. The dance was a vibrant expression of patriotism and the students' enthusiasm. The management team was present to grace the occasion, and their inspiring speech motivated the students to emulate the bravery and patriotism of our soldiers. The speech highlighted the importance of national pride and the value of sacrifice, leaving a lasting impact on the young minds. The event concluded with a vote of thanks, expressing gratitude to the management team, teachers, and students for making the event a success.

गुरु पूर्णिमा पर्व का आयोजन

10 जुलाई, एमएचएस जूनियर स्कूल सीकर में गुरु पूर्णिमा का पर्व बड़े ही हर्षोल्लास के साथ मनाया गया। इस विशेष अवसर पर नर्सरी से कक्षा पाँच तक के विद्यार्थियों ने विविध रंगारंग प्रस्तुतियों के माध्यम से अपने गुरुजनों के प्रति

सम्मान व्यक्त किया। विद्यालय की प्राचार्या श्रीमती राजश्री सिहाग ने इस अवसर पर सभी विद्यार्थियों को आशीर्वाद देते हुए कहा कि गुरु पूर्णिमा का पर्व हमें अपने माता-पिता, शिक्षकों और बड़े-बुजुर्गों का सम्मान करने की प्रेरणा देता है। उन्होंने विद्यार्थियों को अपने जीवन में सदैव गुरुजनों के मार्गदर्शन का अनुसरण करने और संस्कारों को अपनाने की सलाह दी। कार्यक्रम के दौरान नर्सरी और जूनियर केजी के नन्हे-मुन्ने बच्चों ने मनमोहक नृत्य प्रस्तुत किया, जिसने सभी का दिल जीत लिया। कक्षा पाँच के विद्यार्थियों ने भी सजीव और उत्साही नृत्य से समारोह की शोभा बढ़ाई। विद्यार्थियों ने अपने अभिनय और रचनात्मकता से यह सिद्ध कर दिया कि वे न केवल शिक्षा में बल्कि सांस्कृतिक गतिविधियों में भी आगे हैं।

आशु भाषण प्रतियोगिता का समापन

15 जुलाई, 2025 को मैट्रिक्स हाई स्कूल, सीकर में आशु भाषण प्रतियोगिता का समापन हुआ। इस प्रतियोगिता में कक्षा 9 एवं 10 के लगभग 300 विद्यार्थियों ने भाग लिया। यह प्रतियोगिता दो चरणों में हुई जिसमें द्वितीय चरण के लिए 50 विद्यार्थी चयनित हुए थे।

इस प्रतियोगिता का उद्देश्य विद्यार्थियों की सोचने की क्षमता, आत्मविश्वास और सार्वजनिक बोलने के कौशल को निखारना था। अंतिम चरण में सफल हुए विद्यार्थियों को संस्थान की प्राचार्या श्रीमती राजश्री सिहाग ने ट्रॉफी एवं सर्टिफिकेट से सम्मानित किया और अपने उद्बोधन में सभी विद्यार्थियों को प्रोत्साहित करते हुए कहा "ऐसी प्रतियोगिताएं बच्चों में आत्मविश्वास बढ़ाती हैं और उन्हें जीवन की चुनौतियों के लिए तैयार करती हैं।"

Award Ceremony for Sprint-1 Exams

On July 26th, our school celebrated the success of students in the Sprint-1 exams with an award ceremony. The event honored students who performed exceptionally well, and they were awarded medals and certificates.

The ceremony was a special way to recognize the students' dedication and hard work. The management team, teachers, and students attended the event, congratulating the winners and encouraging them to keep up the good work. The students who did well in the exams were recognized for their outstanding performances. They received medals and certificates, which were a proud moment for them. We are excited to see these students continue to grow and succeed. We hope they will keep pushing themselves to do their best and achieve even more in the future.

MHS Empowers Young Girls with Self-Defense Training; Special Program for Classes 9th to 12th with Expert Trainers

Building Confidence Through Self-Defense

MHS recently organized a remarkable Self-Defense Training Program exclusively for girl students of Classes 9th to 12th. The event aimed to equip young girls with practical techniques to protect themselves in difficult situations while also fostering confidence, awareness, and resilience.

Expert Coaches from Outside Institutions

To ensure high-quality learning, MHS invited experienced trainers and certified coaches from reputed martial arts and self-defense academies. These experts brought with them not only advanced techniques but also years of teaching experience. Their engaging methods, discipline, and motivational style made the training both effective and inspiring.

The training sessions covered a wide range of practical self-defense techniques that the girls can use in real-life scenarios. Some of the major highlights included basic Karate and Taekwondo moves for blocking and striking, Judo techniques to escape from grabs and holds, situational awareness drills to help identify and avoid danger, emergency response skills with quick reflex exercises, and confidence-building activities through partner practice and group challenges. The trainers emphasized that self-defense is not about aggression but about protection, alertness, and self-control. They guided the girls on how to remain calm under pressure and take quick, smart actions when necessary.

Girls from Classes 9th to 12th actively participated in every session with great enthusiasm. They practiced with dedication, asked questions, and even demonstrated the techniques at the end of the program. Many students shared how the training boosted their courage and gave them a strong sense of independence. Teachers observed that the program not only improved the physical skills of the participants but also instilled in them a positive mindset towards facing challenges with confidence. The principal ma'am and the teachers of MHS appreciated the initiative, highlighting that such programs are vital in today's world where self-reliance is essential.

They praised the trainers for their patient guidance and motivational approach. The school expressed its commitment to organizing more such programs in the future so that students continue to receive opportunities for skill development beyond academics.

The self-defense training turned out to be a life-changing experience for the young girls of MHS. With the support of skilled trainers and the determination of the students, the program successfully achieved its goal: to empower girls with the skills and confidence to protect themselves and to move forward in life fearlessly.

A Warm Welcome to Our New Parents Community

Matrix High School recently hosted a warm and engaging Parents' Orientation Program to welcome families joining us this academic year. The event was thoughtfully conducted by Mahendra Sir, KC Sir, Parveen Ma'am, Bhawna Ma'am, and Kritika Ma'am, who guided parents through key aspects of school life.

During the session, the team touched on important areas like:

- Academic structure and curriculum
- The role of parents in supporting learning
- How we stay connected through communication channels
- Co-curricular activities and competitions throughout the year
- Importance of School Clubs

The orientation created a great opportunity for parents to understand how we work together for each child's growth. A Q&A session at the end allowed parents to share their thoughts and get their questions answered. The school is grateful for the warm response from all attendees and looks forward to a great year of partnership and progress!

ईमानदारी: सफलता की नींव

ईमानदारी केवल एक गुण नहीं, बल्कि जीवन जीने की एक सशक्त शैली है। यह वह प्रकाश है जो अंधकार में भी सही दिशा दिखाता है। एक ईमानदार व्यक्ति समाज में न केवल सम्मान अर्जित करता है, बल्कि दूसरों के लिए प्रेरणा का स्रोत भी बनता है। विद्यार्थी जीवन में ईमानदारी का विशेष महत्व होता है। एक छात्र जब अपने समय, श्रम और ध्यान को पूरी निष्ठा से पढ़ाई में लगाता है, तब वह पढ़ाई के प्रति ईमानदार कहलाता है। परीक्षा में नकल न करना, होमवर्क स्वयं करना, अध्यापकों का आदर करना और विषयों को गहराई से समझने का प्रयास करना - ये सब उसकी ईमानदारी के प्रमाण हैं। ईमानदारी का रास्ता हमेशा आसान नहीं होता। इसमें कठिनाइयाँ आती हैं, परंतु यही रास्ता आत्म-संतोष और सफलता की ओर ले जाता है। आज के समय में जब चालाकी और शॉर्टकट आम हो चले हैं, तब एक ईमानदार छात्र की पहचान और भी खास हो जाती है। ईमानदारी वह बीज है, जिसे अगर संयम और साहस से सींचा जाए, तो वह विश्वास और सम्मान का वटवृक्ष बन जाता है।

विस्तृत अर्थ: महात्मा गांधी का जीवन और उनके विचार इस बात का प्रतीक हैं कि ईमानदारी केवल निजी आचरण नहीं, बल्कि समाज निर्माण का मूल स्तंभ है। भगवद्गीता में भी निष्काम कर्म और सत्य के साथ कर्तव्य निभाने की बात कही गई है, जो ईमानदारी की गहराई को दर्शाता है।

“सत्य बिना ईमानदारी अधूरी है, और ईमानदारी बिना जीवन अधर्म है।”

Thought of the Month

“Education is our passport to the future, for tomorrow belongs to the people who prepare for it today.”

~Malcolm X

Malcolm X's profound statement, "Education is our passport to the future, for tomorrow belongs to the people who prepare for it today," is a powerful call to action. He suggests that education isn't merely about acquiring credentials; it's the fundamental tool that unlocks possibilities and grants access to a world of opportunity. Just as a passport allows you to journey to new lands, knowledge empowers you to explore new ideas, develop new skills, and navigate an ever-changing landscape.

The second part of the quote emphasizes agency and responsibility. The future isn't something that simply happens to us; it's actively shaped by those who invest in themselves and their learning. As Benjamin Franklin wisely stated, **“An investment in knowledge pays the best interest.”** By dedicating ourselves to continuous learning today, we are not just preparing for what lies ahead; we are actively building and claiming our place in that future. This perspective transforms education from a passive obligation into an exhilarating journey of empowerment, making us architects of our own destinies.

MHS Hostel Students Enjoy a Memorable Jaipur Trip: Exploring Heritage, Culture, and Fun Together

The hostel students of Matrix High School recently enjoyed a memorable educational trip to Jaipur, the Pink City of India. Both boys and girls from the hostel participated enthusiastically in the excursion, which was planned to give them a mix of history, culture, and enjoyment. The trip proved to be not just a tour of monuments but a lively and enriching experience for everyone.

The journey began early in the morning, and the excitement could be felt in the bus itself. With cheerful chatter, laughter, and joyful songs echoing inside, the students set off on their much-awaited adventure. Games and music filled the air, making the ride as entertaining as the destinations. Teachers and wardens ensured discipline while also joining in the fun, which added to the enthusiasm. Their first stop was the grand Amer Fort, a shining jewel of Rajputana architecture. The students were amazed by the beauty of its carvings, palaces, and courtyards. The stories of kings and queens narrated by the guide filled their imagination with wonder.

Next, the group visited the Albert Hall Museum, where history seemed to come alive. The students observed rare artifacts, paintings, weapons, and traditional costumes that reflected India's rich heritage. Each section of the museum offered fascinating insights, and the students eagerly noted down details for their memories and future projects. In the evening, the hostel group headed to the serene Birla Mandir. The white marble temple stood beautifully against the evening sky, creating a calm and spiritual atmosphere. Students admired the fine carvings and soaked in the peaceful environment while offering prayers. It was a perfect place to relax and reflect after a busy day.

Hostel Night glitters at MHS

Matrix High School recently hosted a lively Hostel Night at its residential campus, offering students an evening filled with joy, entertainment, and celebration.

The event featured captivating stage performances, music, poetry, and a vibrant DJ dance session that had students on their feet, dancing and celebrating together.

The atmosphere was energetic and full of enthusiasm, reflecting the strong bond among hostellers. More than just entertainment, the evening highlighted Matrix's commitment to holistic student development-balancing academics with cultural and social experiences. The celebration fostered a sense of community, relaxation, and belonging among the students.

Poem Recitation Competition

The PRT Wing of MHS conducted a Poem Recitation Competition on 19th July 2025 for students of Grades 1 to 5. The event was a joyful celebration of talent and expression. Students recited poems with excellent voice modulation, clarity, and confidence, leaving the audience thoroughly impressed. Each child brought their poem to life with heartfelt emotions and creativity. The competition provided a wonderful platform for young learners to explore the beauty of poetry and enhance their public speaking skills.

MHS congratulates all the participants for their commendable performances and spirited participation. Events like these truly help build a strong foundation in communication and self-expression.

Grand Launch of Matrix Olympiad

The annual Matrix Olympiad Foundation (MOF) exam, conducted by the Matrix Institute, recently kicked off from a school campus in Deogarh, Rajasthan. This nationwide competition offers an incredible opportunity for top students from Class 6 onwards, aiming to identify and reward academic excellence.

This year, selected toppers will embark on a foreign trip to Dubai, a change from previous years when the trip was to Singapore.

Beyond international travel, the program provides substantial incentives, including scholarships worth ₹71 Crores and cash prizes totaling ₹31 Lakhs. The MOF exam is conducted in both online and offline formats across the country, ensuring accessibility for a wide range of students.

The launch event was marked by a cake-cutting ceremony and attended by several notable dignitaries, including Mr. Narendera Kok (Director), Mr. Anupam Agrawal (Director), Ms. Rajeshree Shihag (Principal), Mr. Vishnu Pareek (Poet & Speaker) and Mr. Pushpendra Dudi (Marketing Head).

School Council Elections: A Resounding Success!

The air at our school has been buzzing with anticipation as the much-awaited School Council Elections for the academic session 2025-26 recently concluded, marking a significant milestone in student leadership. The entire process, from rigorous interviews to enthusiastic campaigning and a fair election, showcased the dedication and spirit of our student body. The journey began with a meticulous interview process. Aspiring candidates faced a distinguished committee comprising our respected Principal, Ms. Rajeshree Shihag, Mr. Mahesh Katta, Ms. Kiran Lata and other esteemed faculty members. This initial stage was crucial, as it assessed the candidates' vision, leadership qualities, and commitment to serving the school community. Only those who successfully navigated this challenging round earned the opportunity to move forward. Following the interviews, the selected candidates embarked on the campaign trail. The school assembly became a vibrant platform where students presented their manifestos, articulated their goals, and passionately appealed for votes. It was inspiring to witness their confidence and eloquence as they shared their ideas for enhancing school life. This stage not only allowed candidates to connect with their peers but also fostered a greater understanding of the democratic process among all students. The pinnacle of the electoral journey was the election day itself. Students from Classes 6 to 12 participated enthusiastically, casting their votes in a fair and orderly manner.

The atmosphere was charged with excitement and responsibility as each student exercised their right to choose school leaders. Finally, the moment everyone awaited arrived: the declaration of results. The school collectively celebrated the emergence of new leaders ready to guide the student body for the upcoming academic year. We are thrilled to announce the elected members of the School Council for 2025-26: Daksh has been elected as the President of the school, a role of immense responsibility and prestige. Chahat Ghitala has been chosen as the Head Girl, set to inspire and lead by example. Aditya Poonia has been elected as the Head Boy, completing our triumvirate of top student leaders. We extend our heartfelt congratulations to Daksh, Chahat Ghitala, Aditya Poonia and all other students who will form the complete School Council. Their dedication and commitment are truly commendable. We look forward to a productive and dynamic year under their leadership, anticipating many positive contributions to our school community.

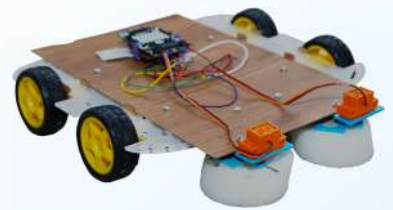

Milestones & Moments

INNOVATORS

Secured
3rd
NATIONAL
RANK in

Future Innovators Virtual Championship 2025

Matrix High School students recently secured an impressive 3rd place in the Future Innovators Virtual Championship 2025, held at a national level with 400+ teams participating. The school showcased its dedication to nurturing young innovators through hands-on projects—like designing and building a gripper robot—and virtual ideation platforms. The event highlighted not only the technical creativity of the students but also the school's commitment to fostering practical innovation aligned with its core values of leadership, integrity, and continuous innovation. This achievement is a testament to MHS's emphasis on technology-driven learning and support for tech-savvy learners. MHS once again proved its standing as a leader in student innovation—celebrating both national-level recognition and real-world skill development. This achievement not only showcases the students' talent but also reflects the school's growing reputation for fostering innovation and preparing students for tomorrow's challenges.

Athlete's Alley

Matrix High School Students Make Us Proud in Sports!

It was a moment of great pride and excitement at Matrix High School when our Under-14 (Boys) Kabaddi team returned with a fantastic win against Keshwanand in the CBSE Clusters! To celebrate their hard-earned victory, a special ceremony was held at school. Our Principal, Ms. Rajeshree Shihag along with Mr. Shubhkaran Jakhar from the Management Team and PGT Coordinator Mr. Mahesh Katta, honored the team and praised their dedication and teamwork. The whole school cheered them on, and their success has truly become a motivation for others.

Keeping the winning spirit alive, we're happy to share that students from Under-14, Under-17, and Under-19 (both boys and girls) have been selected to represent Matrix High School in various sports tournaments.

With full support from their coaches and team managers, they will be competing at the following locations:

We're super proud of all our players and wish them the very best for their matches. Keep shining and making Matrix High School proud!

Ink & Insights

Bhagwad Gita

Once I have read Bhagwad Gita and the most interesting part that truly struck me, especially as a student is this one simplest but yet powerful idea:

You have the right to perform your actions but not to the fruits of those actions (chapter 2 verse 47). It basically means: focus fully on your efforts, not on results. We students often worry- "What if others score better?"

But Bhagwad Gita teaches us: Do your duty with full dedication and leave the rest. When you stop chasing results and start loving the process of learning success naturally follows. This one teaching alone can change the way we study, live and think. So, focus on your efforts, not on results.

~Khushi Yadav (XI2C2)

Father's Love

A father's hand so strong and wise,
Lifts us up, helps us rise.
Through every fall, through every tear,
He is the calm one always near.
With every step, he clears the way,
Guides us through both day and night.
His laughter's warmth, his steady gaze,
A beacon bright through life's maze.
In his embrace, we feel so small,
Yet in his strength, we stand tall.
His silent prayers, his endless care,
In every moment, he is always there.
A father's love, so deep, so true,
A bond that grows, forever new.
Through trials, joys and endless weather
A father's heart will bind us together.

~ Anuska (X7EX)

Nature

Nature is full of joy,
Don't think it is a toy.
Please, please save it.
They give us food, they give us shade.
But why can't we give them a little space,
Everything in nature,
God gave his features.
Birds fly in the sky,
And the mountains are so high.
The sun is shining,
The birds are flying.
The trees are green
And the water is so clean.
The buzzing bees,
The pleasant wind.
The time of rain in the spring.

Vanshika Rathore (X6CN2)

Walk Along with Me

Walk along with me Daddy,
And hold my little hand.
I have so many things to learn,
I don't yet understand.
Teach me to be safe
From the danger every day
Show me how to do my best
At school, at home, at play.
Every child needs a gentle hand,
To guide them as they grow.
So, walk along with me Daddy,
We have a long way to go.

~ Mayank Jakhhar (X8CN2)

Locket

A locket in a pocket,
For a picture of a friend.
I can snap my locket open,
When I am alone and pretend
That the person who is pictured,
It isn't very far away.
I peek inside my locket,
When I miss you every day.

~ Shaurya (X9CBI)

सपनों का भारत

आजादी के साल हुए कई
पर क्या हमने पाया है ?
सोचा था क्या होगा लेकिन सामने
पर क्या आया है ?
राम-राज्य सा देश हो अपना,
बापू का था सपना।
चाचा बोले आगे बढ़कर,
करलो सबका अपना।
आजादी फिर छिने ना अपनी
दिया शास्त्री ने नारा।
जय-जय कार किसान की अपनी।
जय जवान हमारा।
सोचो इनके सपनों को हम कैसे साकार करेंगे ?
भ्रष्टाचार हटा देंगे हम आगे तभी बढ़ेंगे
मुश्किल नहीं पूरा करना इन सपनों का भारत
अपने अंदर की शक्ति, को अगर करें तुम
जागरूक।
आओ मिलकर कसम ये खाए,
ऐसा सभी करेंगे।
शिक्षित हो अगर हर बच्चा, उन्नति तभी करेंगे।
जय हिंद जय भारत

~Kritika Patel (X1OCN3)

The Dead Tree

Tree leaves are falling now and then,
Yet I remain in a quiet dilemma
Was it the cold, or the warmth
That brought the end of the tree?

Was it the shade,
Or simply the tree I loved?
But it doesn't matter anymore,
Because the tree is dead now.
Leaves keep falling, now and then,
And I still grieve for the time I had.
Should I wait until autumn,
Or grieve until then?
Still caught in my quiet dilemma.

I tried to plant another tree,
But before I knew it, it too had died.
Was it the memory of the last tree that killed it?
Or the soil, or perhaps—was it me?
I begin to question myself.

No matter how many trees I plant,
They all end up dead.
Each one teaches me the same two truths:
It was never the season,
Never the soil—it was me,
The one who killed the tree itself.

And now, No other tree can
ever replace the first one—For love,
Will find its way On its own.

~Falak Manjushree (X1OCNI)

शिक्षक पर कविता

आप देते हो हमको शिक्षा,
फिर लेते हो हमारी परीक्षा।
गलती करें तो हमें समझाते,
हम रोये तो हमें हँसाते।
माता ने दिया है जीवनदान,
आप बनाते हो इसे महान।
ज्ञान का दीप आप जलाकर,
हमारी चमक बढ़ाते हो।
विद्या का जल हमें पिलाकर,
जीने का ढंग सिखाते हो।
इसलिए मैं करती हूँ,
जीवन में कुछ पाना है तो,
शिक्षक का सम्मान करो।
शीश झुकाकर आदर से तुम,
बच्चों उन्हें प्रणाम करो।

ज्येष्ठा (X9CBI)

Educator's Edge

The Heart of a Community – Helping Others

In our busy school days filled with lessons, assignments, and extracurriculars, meeting deadlines of the syllabus, and solving personal challenges, yet in the midst of it all, one of the most powerful and meaningful things we can do is reach out and help someone.

As a teacher, I have the privilege of watching students grow—not just in knowledge, but in character. And one of the most admirable qualities I see in young people is the willingness to help others. Whether it's a student staying behind to help a classmate with homework, a group organising a fundraiser for a cause, or someone offering a kind word to a friend who's having a tough day—these moments, though small, reflect the true strength of our school community.

Helping others doesn't mean donating a fortune or volunteering thousands of hours. It is not just about charity or big acts of service. It's about empathy, understanding, and the simple decision to care. It's about seeing someone in need and asking, "How can I help?" Sometimes, it's as simple as offering a kind word, listening when someone needs to talk, or lending a hand when someone is struggling. These small actions can create a ripple effect, spreading kindness and hope far beyond what we see.

In a world that often emphasises individual achievement, we must remember that our greatest accomplishments come when we lift each other up. When we help others, we create a ripple effect. One small act of kindness can inspire many more. A smile, a shared pencil, a comforting gesture—they matter more than we sometimes realise.

As educators, we aim to prepare students not just for exams, but for life. And life, at its best, is about community. It's about being there for one another, through challenges and celebrations alike.

I encourage all of you—students, teachers, staff—to look for opportunities to help. No act is too small. If each of us commits to kindness, generosity, and support, we will continue to build a school where everyone feels seen, valued, and empowered.

Let us not underestimate the power we hold to make a difference, one helping hand at a time.

Together, we grow. Together, we thrive.

Ms. Kajoli Sarkar (TGT-Social Science)

Sine Cosine and the Secret Life of Triangles

Let's be honest. For many of us, Maths class felt like a punishment. Remember staring at the blackboard, seeing symbols like $\sin \theta$ and $\cos \theta$ and thinking, "Right, my brain has officially left the building." We all asked the eternal question: "When will I ever use this in real life, unless I become a Maths teacher and torture the next generation?"

Well, buckle up, because the answer is both hilarious and shocking. That boring triangle stuff is secretly the most important life hack you were ever taught.

Keeping Buildings from Doing the Naagin Dance

Ever looked at a tall building and thought, "Wow, that's impressively... not falling over?" You have a nerdy engineer and their love for sine and cosine to thank for that. Without trigonometry, our buildings would lean more than the Tower of Pisa after a long weekend, and bridges would sway more dramatically than a Bollywood hero in a sad song. Engineers use it to make sure things are stable and not just built with a "lagbhag theek hai" (it's roughly okay) attitude.

Finding the Best Kachori in Sikar

Picture this: you have a sudden, desperate need for the best Pyaaz Kachori in Sikar. You whip out your phone, and Google Maps guides you there like a trusted friend. That little blue dot is powered by trigonometry! Without it, we'd be back to the old ways: stopping to ask five different uncles for directions, getting five different answers, and ending up somewhere near the next village. Trigonometry is what saves you from that navigational nightmare.

The Secret Behind Your Gaming Skills

You know why your character in a video game can do a perfect triple jump over a lava pit, while you might pull a muscle just getting off the sofa? Trigonometry. Every single leap, every bullet fired, every grenade tossed in an arc follows a path calculated by sine and cosine. So next time you nail a perfect shot in a game, you can proudly say, "My skills are 50% reflexes and 50% the ghost of my 10th-grade Maths textbook."

The Cosmic Secret to a Good Selfie

That selfie where you finally got the angle right and don't have a double chin?

Thank trigonometry. Your phone's camera is doing some sneaky math with light angles to make you look good. And how does that photo reach your family group chat in seconds? A satellite plays a cosmic game of catch with your data, beaming it worldwide so your auntie can comment, "Looking so nice beta!" It's a universal effort, really.

So, do We Actually Use This Stuff?

Yes! It turns out trigonometry wasn't a secret, boring chant; it was the cheat code for the universe. It's the ultimate **jugaad** that holds our world together.

So, the next time a kid complains about trigonometry look them dead in the eye and say: "It's the magic that powers your video games, finds your food, and stops our buildings from face-planting. So, you better pay attention!"

Mr. Rajeev Kumar (PGT-Maths)

Ode to the Pristine Pod

Thou daughter of God
akin a mild pristine pod
A blessed lass from the
land of fairies like enigma conifer.
Steeped with playfulness, spontaneity
and kindness as scarce as hen's teeth
Cherry-picked by the almighty.
Once harsh and then congenial
I miss those sweet scuffles, it
feels me in bower like cologne in a flower.
A Vesper is there, anon evening
shall be here. Oh! Aurora holds on
in thy class that stops the hourglass.
I seek thy heavenly sight which
brings me light.

Mr. Mp Kumawat (PGT-English)

Democracy My Nation's Soul

O land of sages, O land of might,
Where truth and duty guide the right,
India—my nation, proud and free,
Breathes through the roots of democracy.

Not born of sword, nor built by war,
But carved by voices near and far.
Each citizen, both meek and bold,
Holds in their vote a power untold.

We wrote our pledge on Republic morn,
Where justice and liberty were sworn.

A secular sun began to rise
In countless hearts, in countless eyes.

No king commands, no tyrant sways,
It's We, the People who choose the way.
Through ballots cast, not bullets thrown,
We shape the laws, we set the tone.

Yes, flaws remain, and battles too
Of caste and creed, of old and new.

Yet voices rise from every lane
To protest wrong, to break the chain.

The Constitution, our sacred guide,
Keeps every faith and dream inside.
With Fundamental Rights as shield and sword,
And Duties written in silent accord.

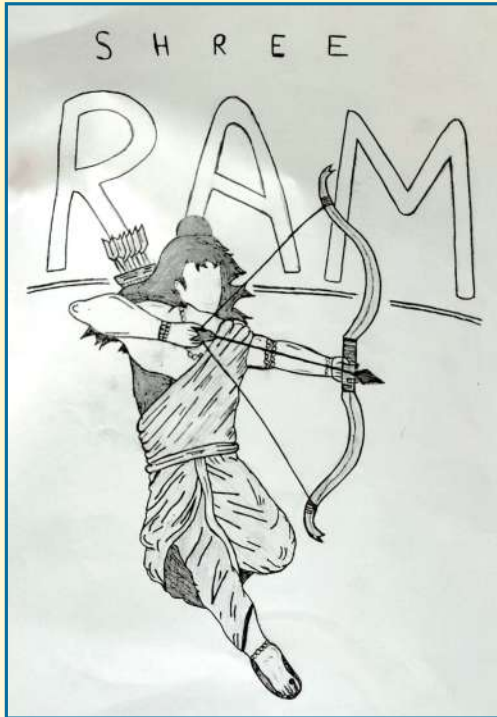

So let no apathy dim this flame,
No narrow pride defile its name.

For democracy is not just rule
It's reasoned voice, not passion's fuel.

O students! Heirs of future's page,
Bear this torch with strength and sage.
Guard this gift, so dearly won
Till justice falls for everyone.

Mr. Ashutosh Shukla, (TGT-SST)
